John-

The completion data reported by the EPA for our FOIA request related to the USG Red Wing, MN plant (Tracking No. EPA-R5-2016-002835) is tomorrow. Can you please advise as to the status of this request, and if the EPA will be producing the requested the materials?

Also, we sent a second FOIA request more recently to the EPA related to the USG Walworth, WI plant (Tracking No. EPA-R5-2016-006203). This plant was put on the list for the Data Requirements Rule and is not an enforcement matter. I do not know if you have anything to do with this second request, but the completion date for this second request is also tomorrow.

Thank you.

Regards,

**Matthew E. Cohn**
